

BOWLAND TRANSIT CLUB Newsletter 14 - March 2010

Dear Friends

At the time I was writing this Newsletter there was a photographic exhibition at Clitheroe Library with the title "The Big Freeze." If it is still on it is well worth a visit.

The Club has a couple of entries, thanks to Kate, but you have to look hard to find them.

Also, at this time, there is some confusion about the future of the B1 service. I hope that this will be quickly resolved to the satisfaction of all.

I have had a couple of outings recently on the 10.45am Sunday X80 bus to Skipton. There is a very convenient connection with the 66 bus from Skipton to Grassington which gives four hours of walking in that area before having to return on the 15.55pm bus from Grassington. The X80 starts from Preston at 10.00am and passes through Whalley at 10.28am, Chatburn at 10.51am and Gisburn at 10.59am. (There is also a much less convenient bus connection to Bolton Abbey and Ilkley from Skipton.)

Sunday, 04 April should see the restart of the Dalesman service. May I recommend a trip to Kirkby Stephen on that date, which is Easter Sunday. At Kirkby Stephen there will be a vintage bus and lorry rally on Easter Sunday - well worth a visit.

And so to business: the AGM will be held at 1.30pm on Friday, 07 May 2010 at Clitheroe Library - I do hope you can make it

With many thanks to all those who have turned out, mostly in dreadful weather, to support the walks, and special thanks to the walk leaders.

Brian
